

DIGITAL PHOTO VIEWER KEYCHAIN GLIMPSE User Guide Thank you for purchasing a Visual Land Digital Keychain. This setup guide is designed to help you easily and quickly add images and photos to your Digital Keychain.

1. Please connect your Digital Keychain to your PC via the USB cable provided.

2. Once your Digital Keychain is connected to your PC, your Digital Keychain will Autorun & Launch. In case the digital keychain does not Autorun, please refer to the next step, otherwise skip to step 4.

3. Open Windows Explorer, double click the "AutoCPFMate\_50" icon. This will launch the application.

## Devices with Removable Storage

AutoDPFMate\_50 (D:)

4. On the screen you will be able to browse through your computer. Look on your PC for where you keep your image or photo files.

5. For example, if your photos are stored under the "My Pictures" folder, please double click that folder.

Tagithtee 2:10

6. Once you locate the folder and double click it, you will see a listing of all the image files.

Delete the :	selected photo(s) YES NO?
Yes	No

7. Browse through your folder and select the pictures you wish to upload. Pictures can be added by double clicking each individual file.

8. Once a picture is double clicked, it will be added to the album on the right side.

12. Once you have added all the photo files, please click on the "SaveAll" button. A pop up dialog box will appear asking to confirm to save the photo or image files. Please press "Yes".

Want to save as DMP files, please select Yes, else if you want to save as DMP files, please select NOI

Yes No Cancel

13. Next you will see another dialog box appear – this dialog box will ask where would you like to save the Photo files or images to. Please select the "AutoDPFMate\_50" icon and press "Ok".

14. After you click on the "Ok" button, you will get a confirmation that indicates your images were saved. Please press "OK".

15. After all your photo files & images have been saved, you will need to press the "Download" button. On the right hand side of the screen you will see a progress bar as the photo files and images are being copied to the Digital Keychain. Depending on how many photo files or images this could take a few minutes.
